

Date: 25<sup>th</sup> May 2022.

Alchemy Software Ltd.

Assalamalaikum,

I am Farzin Anan Mukit, a fresher B.Sc. (Engg) in CSE from PSTU. As a fresh graduate and being enthusiastic about the C# and .Net Core framework, I was thrilled to see the job post of your reputed company. I want to let you know that I fulfill all the mandatory requirements of the position.

As in my educational period I along with my team worked on Undergraduate Admission System 2022 of PSTU (<https://admission.pstu.ac.bd/Home/About>) using C#, .Net Core using SQL SSMS. Main responsibility of this project was to apply queries and bulk operation on GST student's data set of over 100000 students, and select the eligible ones. We used Crystal Reports to generate the reports for each student and SSL Commerz as for the payment getaway. The complete project was done in MVC pattern.

Also, I have a clean knowledge of OOP and design patterns as I have developed various android applications using OOP and Java. I am currently working for a startup called MedGetBD and developing an e-commerce and medical support website using .Net 6 which is the latest. Before that I worked as a freelancer developing various website for clients. I also designed many UI to get good knowledge of latest design scheme.

During my free time I worked as a volunteer for ANYVS and Lightshore Foundation and found myself comfortable as a team worker.

I will welcome the chances to discuss my enthusiasm about C# and .Net Core framework with you and I will value the opportunities to work with a professional team like yours and learn from.

Best Regards

**Farzin Anan Mukit**

A meticulous and organized individual eager to contribute to team success through hard work, attention to detail and wish to develop a challenging career in a reputed software company where I can explore my capabilities and acquire knowledge, skills and able to perform duties and responsibilities efficiently in order to add values to my organization.

### EDUCATION:

B. Sc. Engineering in Computer Science and Engineering <b>PATUAKHALI SCIENCE AND TECHNOLOGY UNIVERSITY (PSTU)</b>	Passing Year 2022 <b>CGPA 2.8</b>
Higher Secondary School Certificate (Science). <b>GOVT. SAYEED HATEM ALI COLLEGE.</b>	Passing Year 2016 <b>GPA 5.00</b>
Secondary School Certificate (Science). <b>BARISAL ZILLA SCHOOL (BZS).</b>	Passing Year 2014 <b>GPA 5.00</b>

### COURSES:

<b>GAME DEVELOPMENT</b> A2i Digital Bangladesh.	Ongoing
<b>JAVA FOR ANDROID</b> VANDERBILT UNIVERSITY.	Validation ID: KZTW2PDH53YS
<b>ANDROID DEVELOPMENT TRAINING</b> A2i Digital Bangladesh.	Validation ID: QMLNKRVP6BC
<b>HTML and CSS</b> VANDERBILT UNIVERSITY.	Validation ID: USS5DSN9PJVT

## **COMPUTER PROFICIENCY:**

- **Programming Language** : C, C++, C# (.Net Core, MVC), Java, Flutter, JavaScript, PHP.
- **Database** : SQL, Firebase.
- **Skilled Software** : Android Studio, SQL Server Management Studio 18, Visual Studio 2022, Netbeans, MatLab, Cisco Packet Tracer, Blender, Adobe(Illustrator, Photoshop & XD), MS Office, Arduino IDE.
- **Others** : .Net 6, HTML, CSS, Wordpress, Woocommerce, BootStrap.

## **UNDERGRADUATE PROJECT & THESIS:**

- **Live Project:**
  1. **PSTU Admission 2020-2021.** <https://admission.pstu.ac.bd>  
This system serves the complete admission process of GST for PSTU. Applying payment and SMS gateway and Fast report for each individual. Migrating after each admission according to the subject choice list.  
**Technology: C# .Net Core.**  
**Git: [Private]**
  2. **Mars Purifier** <https://marspurifier.com>  
An online shop to sell air purifiers for a company based on UK.  
**Technology: PHP**
- **Thesis**
  1. **Crime Prediction & Crime Data Analysis in Bangladesh of 2001-2020. (Ongoing)**
- **Software Based Projects**
  1. **MedGet (Ongoing).**  
Build for a startup to sell medicine online.  
**Technology: C# .Net 6 MVC, Java (Android Application).**  
**Git: <https://github.com/Qzattitude/medGet>**
  2. **Android Chat App (Ongoing).**  
Ongoing project based on a concept to manage Teacher and student's communication using this app.  
**Technology: Flutter.**  
**Git: [Private]**
  3. **MCQ & Short Question Examination Application.**  
An application using identity framework to take quiz.  
**Technology: C#, .Net 4.5**  
**Git:**  
[https://github.com/Qzattitude/MCQ\\_ShortQuestion\\_Application](https://github.com/Qzattitude/MCQ_ShortQuestion_Application)

#### 4. Medicine Production & Management System for Rephco Pharma.

A desktop application to manage and keep track of medicine raw materials.

**Technology: C#.**

**Git: [Private]**

- **Hardware Based Projects**
  1. **Vehicle Speed Control System.**
  2. **Voice Control Lift.**

#### **INDUSTRIAL TRAININGS:**

- **Code Passenger Software Service.**
- **Rephco Pharmaceuticals.**
- **Power Generator PSTU.**
- **Radiant Server Center, Barishal.**

#### **EXTRA-CURRICULAR ACTIVITIES:**

- **Vice President at CSE Club, PSTU.**
- **Volunteer Graphics Designer at Asian Network of Youth Volunteer Society (ANYVS).**
- **Digital Artist – Lightshore Foundation.**
- **3D Simulation.**
- **Freelancer – Up Work (Webpage Designer & Developer).**
